

Ayvens Bulgaria
Recommendation for WeCoach.Team

Ayvens Bulgaria operates in the car leasing industry in a dynamic business environment where effective communication and teamwork are essential.

As HR Manager at Ayvens Bulgaria, I would like to share our experience working with WeCoach.Team during a team-building event held on 10 October 2025.

The program was structured to create a safe and engaging environment from the outset. Through a combination of reflective and practical activities, participants demonstrated openness, active involvement, and willingness to collaborate. The exercises supported interpersonal connection and trust, while also allowing for observation of real communication patterns and team dynamics.

The team challenges provided useful insights into how participants coordinate, make decisions under pressure, and balance action with planning. The event concluded in a positive and inclusive atmosphere, with participants remaining engaged and constructive regardless of competitive outcomes.

Working with WeCoach.Team offered us practical observations of group dynamics and supported our understanding of team interaction, providing a solid foundation for future team and organizational development initiatives.
